

DARKNESS BREAKS UP GAME IN 11TH

Petersburg and Roanoke Battle
to a Tie—Hits Kept Well
Scattered.

(Special to The Times-Dispatch.)
Petersburg, Va., May 16.—Petersburg and Roanoke battled for eleven innings this evening, and only stopped then when umpire Eckman called the game on account of darkness. Chambliss and Efrd were in the box for their respective teams, and both kept their hits well scattered. While the support of Efrd was good, that of Chambliss was very poor up to the sixth inning, when the Goobers got together and played faultless ball for the remaining five innings. Shaughnessy's and Martin's holding and batting, Kellier's batting the work of Pressley and Kellier at first and Efrd's stickwork were the features of the game.

Efrd struck out twelve of the Goobers, a record for strikeouts in Petersburg this season. The score:

RECENT CHANGES
BY SHOEMAKERS

Several Players Released and
New Men Signed Up by
Stockdale.

(Special to The Times-Dispatch.)

Lynchburg, Va., May 15.—Pitcher

Hogues, Catcher Goodfellow and In-

fielder Boyne, who have been playing

with the Shoemakers for more than a

month, have been turned loose, Man-

ager Stockdale believing all of them to

be lacking in the experience necessary

to make good in the Virginia

League.

Betty, a southpaw, who played last

year with Morristown, in the South-

eastern League, has been signed for a

trial in the box. Colonel Stockdale

was dickering with Betty last winter,

but at that time he was an agent of

the Morristown team, and the locals

could not land him. Betty did sign

with Petersburg, but Morristown put

in a claim successfully for him, and

he reported there several days ago. In

a disagreement over salary, Betty se-

cured his release, and came to Roanoke

to see Manager Stockdale. This result-

ed in him being brought back to

Lynchburg, and he will be given an

opportunity to show what he can do.

An outfielder named Conroy, who

has been reported to Manager Stock-

dale since the team returned from

Roanoke. In all probability he will be

given a trial in one of the games with

Danville, before the team goes to

Richmond for the week-end series.

Pitches Phelan, who played last year

with Albany, in the New York State

League, has also joined the team. He

says he is in good condition, and looks

as though he ought to make the Shoemakers a good man.

New Company at Work.

Awkward squads galore were

grouped at different places in the

Blues' Army last night, composed of

the men of the new Company D,

resting with the alphabet of the

manual of arms. All got into the drill

hall at last, and went through the first

stages of what might be called a

drill. The presence of a good many

former members of the battalion, who

have re-enlisted with the new com-

pany, was a great help to the com-

mand.

The room to be occupied by Com-

pany D is being furnished and fitted

up for occupancy. The service uni-

form from the United States has been

received, but very few of the men

were there last night.

Grammar School League

By defeating Springfield School 10

to 7 yesterday afternoon, the Elba

School won the city championship in

the Grammar School League, and will

shortly be presented with The Times-

Dispatch trophy shield. The names of

the players will be inscribed on the

shield.

The Springfield School team, which

won out in the eastern section, put up

a strong fight for the championship

and deserve much credit for the good

showing. This game closed the league

series for the sixth consecutive season.

S.S.S. KILLS THE GERMS

OF SCROFULA

Scrofula belongs to the type of diseases known as blood poison, and is a

trouble usually manifested in childhood. The ordinary symptoms of Scrofula

are swollen glands about the neck, sores and ulcers on the body, scalp

diseases, skin affections, weak eyes, poor physical development, etc. The

trouble being deeply rooted in the blood, often attacks the bones if the poison

is not removed from the circulation, and this should be seriously considered

in the case of any child who shows symptoms of having scrofulous blood.

Some persons who inherit Scrofula reach maturity before the trouble devel-

ops, but being bred in the circulation, the disease is bound to show itself in

some form. Frequently a debilitating spell of sickness offers a favorable

opportunity for the disease to manifest itself. S. S. S. is the greatest of all

blood purifiers, and by going down into the circulation, and ridding it of the

scrofulous germs, and enriching the blood with healthful corpuscles, S. S. S.

cures Scrofula permanently. S. S. S. is a purely vegetable remedy, and is

perfectly safe for children. If you or your child have any symptoms of Scrofula,

begin the use of S. S. S. at once, and get the disease forever removed from

the system. Book on the blood, and any medical advice free. S. S. S. is for

sale at drug stores.

News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1020 Hull Street, Phone, Madison 175.

After a search of more than three weeks, the county officers of Chesterfield have arrested Edith Carrington, a colored girl, and are holding her for the murder of the little child that was found in the stone quarry at Granite, Va., some weeks ago. She will be arraigned before Magistrate Cheatham Friday morning in the Oak Grove court on the charge of murder in the first degree.

Although there were no signs on the body of the infant to discover its identity, Officers Flynn and Jerrill set to work on the case. The Carrington girl denies guilt.
